Hello Ben,

The owners Sergio and Angela Solis are in contact with there insurance company and their property has been assessed at a total lose. At this time, I don't have any confirmation. I'll updated you with any information that I receive.

Hi Hector,

I am the OSC assigned to the Slauson Tanker Fire Site, which is located at 210 W. Slauson, and affected structures on 206 and 216 W. Slauson. I wanted to reach out to you regarding the red-tagged structure at 216 W. Slauson to get an idea of the City's expectations and time frame for the disposition of the structure. The Responsible Party for the Incident is currently planning to remove contaminated soils adjacent to the structure, and it would be helpful to know whether the structure will be demolished, and the time frame for that removal. Any input from your organization would be helpful.

Sincerely,

Ben Castellana, Ph.D.
